## Personal Statement

---

I am motivated and eager to learn new skills. I was a dedicated honors student with a 3.7 GPA for two years. I left my university for personal reasons and am now pursuing a career in computer programming. I am currently participating in a six month coding bootcamp from Jan-June 2019.

## Education

---

Bolton High School	2016
University of Tennessee, Knoxville	2016-2018
CodeCrew Coding Bootcamp	2019-Present

## Work Experience

---

<i>University of Tennessee Fabrications Laboratory Student Technician</i> In this position I operated 3D fabrication machines to help students complete design projects.	Feb-Apr 2018
---	--------------

## Skills

---

### *Design*

Proficiency in Premiere Pro, Photoshop, Illustrator, InDesign, rhino, and grasshopper

### *Leadership*

I have held multiple student leadership positions within the last academic year including; Student Senator, American Institute of Architecture Students Vice President, Honors and Scholars Ambassador and more. These positions have allowed me to develop as a leader, effective communicator, and dedicated organizer.

### *Personal*

I pride myself on an approachable demeanor and driven spirit.

## Portfolio

---

My full portfolio can be found at the link below. This web page includes some of my favorite design works as well as personal and professional information.
